

The Breindeer's Christmaths Quiz

Once Cupid had finished hanging up all his mistletoe and lighting a few candles, he began to sort out the presents he had bought for his favourite reindeers. Most of them were for Vixen. He found her particularly foxy.

4

There were 20 presents stacked up into 4 piles. The first pile had 3 less than the second pile. The second pile had two more than the third pile. The fourth pile had twice as many as the second pile.
How many presents were in each pile?

TANGRAM 4

One of Cupid's candles
